ur not eligible to read that if ur under 18 u know that lol Rudolph was walking down the snowbound street. The lessons at school were over and now he was going home. today he have been called 'red nosed' again.Well, not that he havent been used to that, but still he felt self hurt. Of course, the attitude changed since his first flight. Now Rudolph have often been playing soccer with his classmates,usually everyone had a good attitude to him but sometimes some idiots used to piss him off a lot. He even had to fight with them for a few times. By the way he won some popularity this way.The traditional winter ball was not far off and now some girls were talkin about inviting Rudolph,thinking he's cute.Of course,Rudolph didnt know bout thatIn other hand, he thought,that some girls he knew were rather cute,however since some time he began to notice that he likes boys too, for example,some of his classmates. He's never told anyone about that.On afternoon,when he come back from school, he used to sit at the computer and browse some of his favorite yiff sites.And now, after he came home, Rudi switched comp on ,opened browser and typed the address in. He got comfy and started to view the pictures.Rudolph has always started from the 'male' thread, he did so this time too.The picture he loved the most was the one where two reindeer were pawing off together in the shower. He opened it and started staring at that couple, imaging that he was one of these reindeer. rudolph felt his shaft slowly getting harder and soon it was tenting his pants. He rubbed his dick hidden under the fabric and slowly unzipped pants.He wished someone else could do that. Rudi sighed and tugged his pants down,exposing now his hard member.He dragged a finger along the shaft from the cockbase to the tip,making self shiver a bit,then wrapped a hand around it and started slowly stroking it.Rudi arched head and speeded up, caressing his chest, stomach and balls with a free hand now.-Mmmmmmmmm,-he moaned as his dick started leaking with pre.His thoughts now turned to his classmates. Rudolph grinned a bit picturing him and Jasper alone in the classroom.Jasper takes his shirt off and rubs his chest teasing him,he chuckles and gets closer to him. Now he's stoking his fur on chest,on the belly,slides his hand in Jasper's jeans,Jasper moans...Rudolph arched his back,stroking his cock harder and harder and feeling the wave of pleasure and extasy rushing through his entire body and finally he came.-Oh wow...-he whispered,then closed browser and leaned back in the chair.In a few minutes Rudi sighed again and put pants back on.-I guess I need something to eat,- he said to self.But now he felt self so weak,so he changed mind and went to his bed, laid on it without stripping self andfell asleep.

He woke up suddenly because someone was knocking on his door. Rudi haven't yet woken up fully so it took time to him to recognize mother's voice. He stood up and walked towards the door but his mother already wasnt there. rudolph went downstairs and entered hall. The first thing he noticed as he entered was the stranger sitting at the table with his parents.A human,not furry. He was looking with sorrow in a mug he was keeping in his hands. Rudi petrified standing in the doorway.His father,Blitzen, stood up:-Rudolph,this is Mike. He has to spend some time in out home.-Erm... Very nice to meet you,- finally said Rudolph.Man raised his head and slightly smiled:-Indeed.Now Rudolph could see his face,he found it rather beautiful but somewhat

still gloomy. But his charming smile... Rudi gulped down and forced self to look at father questioningly.-Mike got lost in the forest and it took a long time until he found our town.He met me and asked for a room. All that he has now is his bag,-continued Blitzen,pointing at black bag laying on the floor.- Do you mind if he will sleep on the sofa in your room?-Mmm,sure not,- replied Rudi, staring at Mike. He caught this gaze and grinned. Rudolph blushed and shifted gaze: What about supper?
After the supper Blitzen asked Rudolph to show Mike his room. They left the hall and went upstairs.-Well, that's my room.- said Rudolph,when they entered the room.Mike followed him.-Very nice,- he said.Rudi approached the linenpress and picked a sheet and a plaid.-Here is your stuff and theres your sofa,- he smiled to the guest.Mike put his bag near the sofa and took stuffs from reindeer.-Thanks Rudolph.-My friends call me Rudi,- he winced,-call me so if you dont mind.-Erm, sure Rudi,-Mike offered a hand.-my name sounds too unfamiliar to you so people usually call me Mike. Rudi shook hand and felt some warmth filling him. He nodded.-I noticed you speak with an accent,dont you?-Ya right,- Mike nodded.-Im from Russia.-Oh wow cool.Mike laughed.-Is that your guitar?-he asked pointing at the wall.-Yeah. I dont play good though.Mike walked towards it and rubbed the strings.-Maybe I can help it.Later.-Heh,that'd be cool. Ok what about some sleep now?-Sure why not.Rudi sat on the bed, watching Mike taking his clothes off. Jeans, shirt.He felt he is getting horny looking at Mikes chest and boxers he wore. He blushed and quickly took pants off too and got in bed covering self with a blanket.Mike laid on the sofa and covered self with a plaid.-Good night.-Good night.
